- Rules that keep you intern-safe
- If you get stuck

1. How to use this guide

This is the student walkthrough for the intern portal. Match the pictures to the screen in front of you, then follow the steps.

The screenshots come from a SitGuru training intern login. You will see a practice name, school, and zeros. Your portal will show **your name, school, tasks, and numbers.**

Do not invent extra buttons. If a screen does not have a control, it is not part of your job yet.

Green buttons do the real work: send, save, submit. Only press them on your account when the work is ready.

SitGuru checks growth numbers. Your own count stays pending until they confirm it.

2. Login

Go to <https://www.sitguru.com/intern>.

Sign in with the intern login SitGuru gave you. Do not share it. Do not let a roommate or classmate use it.

If SitGuru has not added you to the program yet, you will see a message that this account is not assigned as an intern. Email SitGuru and wait. You cannot skip that step.

3. Onboarding (required first)

SitGuru unlocks Home, Work, Report, Metrics, and Growth workplace after four steps. Email confirmation goes to **your email on file** — SitGuru does not print a personal address on the submit screen.

SITGURU INTERNSHIP

Student Portal

Growth workplace

Your page

REQUIRED BEFORE PORTAL ACCESS

Intern onboarding

SitGuru unlocks the intern portal after you accept the access rules, sign, print and upload the signed page, then submit. Email confirmation will be sent to your email on file. The printed wet-ink copy is SitGuru policy, as an extra record — not because the law requires a wet signature.
Jason Graff · University Test · Communication · Agreement 2027–spring–v2

STEP 1 · DONE

Access rules
Confirm intern–safe duties before SitGuru tools open.

STEP 2 · DONE

Electronic signature
Read the confidentiality notice and sign electronically.

STEP 3 · DONE

Print, sign, upload
Print or photo the signed page, then upload it.

STEP 4 · DONE

Submit
Email confirmation will be sent to your email on file.

 **Onboarding complete**
Signed electronically as Jason Graff–Test Intern. Email confirmation was sent to your email on file.

Open Intern portal

1. Intern access rules

Use only the intern portal and Growth workplace assigned to this internship. Do not attempt Admin HQ, Pet Parent records, passwords, payments, or other SitGuru systems.

Do not share SitGuru passwords, login links, session cookies, or other credentials. Do not let anyone else use this intern login.

Do not enter, upload, paste, summarize, or otherwise disclose SitGuru confidential information into unapproved generative AI, chatbots, or other third-party tools.

If a device is lost, an account is exposed, or confidential information is disclosed by accident, report it to SitGuru immediately.

The four onboarding steps. The portal stays locked until all four are done.

Access rules. Read the intern–safe duties. Confirm you understand them.

Electronic signature. Read the intern agreement and sign with your legal name.

Print, sign, upload. Print the page (or photograph a signed printout) and upload the PDF or photo. SitGuru keeps that copy as an extra policy record. The law already allows electronic signatures; the wet-ink page is SitGuru's extra file, not a legal requirement.

Submit. Confirmation is emailed to the address on your intern record. Then tap **Open intern portal**.

Do not paste SitGuru plans, passwords, customer names, or internal numbers into ChatGPT, school AI tools, or group chats. That is one of the access rules you accept here.

4. Home

Home is your weekly dashboard. The top cards show your school, program, term, and hours. The welcome block shows this week's focus.

Home welcome. Your first name, school, and this week's focus appear here.

The four summary tiles are tappable:

This week — do your weekly check-in.

Open work — tasks still to do.

Metrics — numbers SitGuru has checked.

Social — posts you have logged.

Summary tiles plus live SitGuru totals. These are market totals — no customer names.

Scroll for Growth workplace, the intern toolkit, and upcoming milestones. Use the green bar:
Home · Calendar · Work · Report · Metrics.

Growth workplace shortcut and intern toolkit. Tap a toolkit card to open it.

5. Weekly check-in

Every week, tell SitGuru what you finished. Be specific — this writing goes into your Business Growth Report.

Social posts

Log every SitGuru post you draft or publish. Tag **@SitGuruOfficial**. Bookings stay on SitGuru. Never put a customer name or email in a caption.

The screenshot shows the SitGuru interface. At the top, a dark green header contains the text 'YOUR SCHOOL'. Below this, the main header area includes 'YOUR SCHOOL' and 'University Test' in large bold text, followed by 'School on your intern assignment'. There are three tags: 'Communication', 'spring 2027', and 'Sophomore'. To the right, a box titled 'HOURS & CREDITS' shows 'Hours pending · 0 credits' and a note: 'SitGuru runs this internship. Your school counts the credits and hours.' Below the header is a navigation bar with buttons: 'Home', 'Calendar', 'Work' (highlighted in purple), 'Report', and 'Metrics'. Under the navigation bar, a message says 'Open a task, add proof, then send it to SitGuru.' followed by four buttons: 'All', 'Tasks', 'Social' (highlighted in red), and 'Campaigns'. Below this is a message: 'No social posts yet. Log one below or from Home → Social media.' The main section is titled 'Log a social post' and contains several input fields: 'TITLE' (empty), 'PLATFORM' (dropdown menu showing 'Instagram'), 'DRAFT LINK' (empty), 'PUBLISHED LINK' (empty), and 'CONTRIBUTION TO YOUR REPORT' (dropdown menu showing 'Content System').

Work → Social. Log the post here even if you designed it in Canva or CapCut.

Campaigns

A campaign is a named push with a tracking link. Create it before you post. SitGuru only counts growth from that link — not from a bare homepage URL.

Save hours into the report.

9. Metrics

Metrics is where you send a number for SitGuru to check. Live people and social totals also show on Home. A letter (like I) is SitGuru's current employer snapshot — it is not your university grade.

Metrics letter board and live totals. SitGuru checks these against their own data.

Tap **Send a number for SitGuru to check.**

Name the metric, enter the value, and pick an approved source (analytics, tracking link, CRM, or another SitGuru-approved source).

Send it. Status stays **Waiting** until SitGuru confirms it.

LETTER C

C

↓ -35

50–84% of the agreed target, or strong verified conversion evidence that has not yet produced the business outcome.

LETTER D

D

↓ -80

Some verified output, but mostly Tier 3 awareness (reach, views, followers) or well below half the agreed target.

LETTER F

F

↓ -100

Work was submitted without SitGuru-verified evidence against the agreed KPI, or verified results are zero versus the target.

LETTER I

I

Baseline, SMART target, or verified source is missing, so a KPI letter cannot be calculated yet.

This is SitGuru's employer evaluation of KPI and output versus agreed SMART targets. It does not replace the university's official course grade. Green up-arrows mean output is at or above the agreed target. Red down-arrows mean the verified KPI is short.

No numbers yet. Send one from an approved SitGuru source.

Send a number for SitGuru to check

METRIC

Pet Parent registrations

METRIC KEY

11. Growth workplace

Growth workplace is on-the-project training for the SitGuru Market Growth Project. Write posts, tracking links, and campaigns here. SitGuru approves drafts before they go live. You do not get Admin HQ, passwords, or Pet Parent personal information.

Open it from the green **Growth workplace** button in the header, or from the Home card.

Growth workplace Home. Bottom bar: Home, Campaigns, Create (+), Media, More.

Create a post

Pick a type (Guru Spotlight, Event, Partner, PawPerks, Pet Parent, SitGuru Feature, or General Post). Write the title, channel, market, caption, destination, and date. After save, copy the tracking link, then publish in Canva / CapCut / Meta / TikTok. Do not publish until SitGuru approves.

The screenshot shows the 'Create' page of the SitGuru Internship Student Portal. The header includes the 'SITGURU INTERNSHIP Student Portal' logo, a 'Growth workplace' button, and a 'Your page' button with a user profile icon. The main content area is titled 'INTERN PORTAL · GROWTH WORKPLACE' and 'Create'. It instructs users to write the post, copy the tracking link, and publish on various platforms, noting that public-facing posts wait for approval. Below this are seven post type options: Guru Spotlight, Event, Partner, PawPerks, Pet Parent, SitGuru Feature, and General Post (which is highlighted in light green). Each option has a brief description. At the bottom, there is a form with a 'TYPE' dropdown menu currently set to 'General Post', and a 'TITLE' field. The bottom navigation bar contains icons for Home, Campaigns, a central '+' button, Media, and More.

12. Your page

Tap **Your page** in the header (or **Edit your page** on Home). This is your intern profile for SitGuru — not a public SitGuru.com guru listing.

You can update:

Preferred name and full name

Phone, student ID, and student email

Headline and about

LinkedIn

Page color

Profile photo (choose a file or take a photo)

School, program, and hours stay on the academic card at the top of Home. SitGuru reviews your internship work from this portal.

Keep phone numbers and student email in the form only. Do not put other people's personal information on Your page, in captions, or in screenshots you share with classmates.

13. Rules that keep you intern-safe

Use only the intern portal and Growth workplace. Do not try Admin HQ, Pet Parent records, passwords, or payments.

Do not share this login. Report a lost device or a leaked password to SitGuru right away.

Do not drop SitGuru confidential information into unapproved AI or chatbots.

Keep customer and Pet Parent names, emails, and phone numbers out of drafts, class slides, and portfolios. Use totals, not people.

Do not count a result as “yours” until SitGuru verifies it.

University logos stay off SitGuru work unless SitGuru recorded permission.

Drafts wait for SitGuru. Do not publish, boost, or send SitGuru communications until they are approved.

A cleaned-up portfolio version of your report needs SitGuru written approval first.

14. If you get stuck

Internship questions: intern@sitguru.com

Portal login: start again at <https://www.sitguru.com/intern>

Official social: [@SitGuruOfficial](#) on Instagram, Facebook, TikTok, X, and YouTube

This guide shows the student portal as it works for Spring 2027. It is not the syllabus, not a contract, and not legal advice. Follow the intern agreement you signed in the portal.
